Hi Anne,

FYI – Molly forwarded some “bonus questions” that I think she expects you to get during the Q&A session for the TX Superconference on Friday (see below). We had prepped talkers for these same questions for the recording (see the last pages of the attached doc). Ex. 5 Attorney Client (AC)

If there are any other topics you think may come up that you’d like talkers for, please let me know.

Thanks,
Isabel

1. EPA recently approved the withdrawal of Texas from a 36-state SIP call for state plans governing air emissions during startups, shutdowns and malfunctions. The D.C. Circuit just issued an order that briefing on the merits and on venue should be done together, then the Texas case would go in abeyance, awaiting an EPA decision on reconsideration of the 36-state SIP call. What plans does EPA have for the larger SIP call?
2. On ozone standard implementation, EPA approved an attainment designation for El Paso, then asked the D.C. Circuit to remand it back to EPA. The court granted EPA’s remand request, and directed that EPA act “expeditiously.” Can you comment on the timeframe and what issues are being reconsidered?
